Abstract

1 This document validates the NeurIPS 2026 double-blind workshop template con-
2 figuration for the NewInML submission lane. It contains no author names, affilia-
3 tions, acknowledgments, or deanonymizing project history.

4 1 Purpose

5 Template and build-chain verification only. Scientific claims appear in the Frozen Custody Graph
6 (FCG) evidence plane, not in this projection.

7 2 Placeholder Section

8 Further manuscript sections will be populated from verified FCG objects after acceptance gates pass.
